*The  
Legend*

Bugatti designs and manufactures products for the table and kitchen, cutlery and small household appliances that are highly innovative and have an original and sophisticated design.

For 90 years, Bugatti proposals have been distinguished by the unique style in which high technology blends with Italian taste for shapes and details; links with the territory and craft tradition live together with the eyes open to the contemporary world and its values; from experience sharing to environmental sustainability.

Bugatti revolutionises the 'simple and habitual' daily rite of experiencing the home, by transforming it into an art, a gift, an emotion to be discovered every day!
